

Jermaine D. Walker
Junior
Fisk University
Major: Computer Science

Faculty Advisor:
Dr. Stephen Egarievwe

Program:
Research Alliance in Math and Science

Email: walkerjd@ornl.gov
Home: jermainedwalker@yahoo.com

Research Area: Visualization

Perform research on visualization using software interface to graphics hardware which is called OpenGL. This interface consists of about 250 distinct commands and 50 in the OpenGL utility library. OpenGL distinct commands that are used to specify the object and operations need to produce interactive three-dimensional applications.

Research Mentor:
Ross Toedte
Computer Science and Mathematics Division
Oak Ridge National Laboratory
