

Timothy Salter
Junior
Alabama A&M University
Major: Mechanical Engineering

Faculty Advisor:
Dr. Z. T. Deng

Program:
Research Alliance for Minorities

Email: salterto@ornl.gov
Home: tsalter@aamu.edu

Research Area:
Computational Materials Science and Engineering

The research involves developing methods for modeling and analysis of mechanical properties of random fiber networks based on explicit modeling of the fiber network formation and evolution mechanisms.

Research Mentor:
Srdan Simunovic, Ph.D.
Computational Materials Sciences
Computer Science and Mathematics Division
Oak Ridge National Laboratory
