

Google Summer of Code 2005

Bernard Li

SoC 2005

- Google set aside \$1 million USD to pay students to work on Open Source projects over the course of 3 months
- Each student gets paid \$4500 USD, each mentor gets paid \$500 per student
- Originally aiming to sponsor 200 projects, at the end, there were over 400

OSCAR's participation

- Applied to be a mentoring organization
- Received over 20 applications
- Provided 4 slots (one student went MIA)

OSCAR SoC Projects

- OSCAR Portal

- Shayan Zahedi - University of Toronto, Canada

- OSCAR SGE Package

- Babu Sundaram - University of Houston, USA

- OSCAR on Debian

- Ram Kumar Dangeti - Institut National des Telecommunications , France

SoC 2006

- OSCAR is a mentoring organization again
- Application ranking in progress
- Applications we are considering:
 - OSCAR Slurm Package
 - OSCAR OpenFOAM Package
 - OSCAR Ganglia Package Extension
